As riveting as a World War II thriller, The Forger's Spell is the true story of Johannes Vermeer and the small-time Dutch painter who dared to impersonate him centuries later. The con man's mark was Hermann Goering, one of the most reviled leaders of Nazi Germany and a fanatic collector of art. It was an almost perfect crime. Art experts and forgers pay special attention to these cracks because they help validate the age and authenticity of a painting. I use it in a sentence: Dang, I've got some serious craquelure going on around my eyes and I need botox! 2. Cool, this book has pictures! Part Three THE SELLING OF CHRIST AT EMMAUS. His house was one of the most luxurious in Amsterdam, on one of the city's poshest streets, a neighborhood of bankers and merchant kings. The Forger's Spell has raised provocative questions about the nature of art and the psychology of deception., "This is the first book on art forgery that really gets to the bottom of the Han van Meegeren tale of chicanery and double dealing. A spirited and provocative read." (Thomas Hoving), Who can resist the story of a great scam--especially when the mark is art-greedy Hermann Goering and the author is an Edgar winner?, Edward Dolnick's Forger's Spell gives us a well-researched and highly readable account of the underworld of forgers, corrupt dealers, and collectors i Forger's Spell includes several relevant photographs, of art, the art forger who is central to the story, and others. This reviewer, like most readers, looked at the photographs and their captions before regarding the complete book. The caption to one photograph gave away some of the story. Such a spoiler further disqualifies Forger's Spell from a five-star rating. Still, as four-star book Forger's Spell is well worth purchasing either for yourself or as a gift for the history buff or art lover in your family. Read more. Fascinating insight into the forger's craft using the life of one of the greatest forgers of the twentieth century to explain the how to as well as the why of this strange profession.
