More from Herbert Schildt. Herb Schildt's C++ Programming Cookbook is just one of Herb's many programming books. Here are some others that you will find of interest. To learn more about C++, you will find these books especially helpful. Legendary programming author Herb Schildt shares some of his favorite programming techniques in this high-powered C++ "cookbook." Organized for quick reference, each "recipe" shows how to accomplish a practical programming task. A recipe begins with a list of key ingredients (classes, functions, and headers) followed by step-by-step instructions that show how to assemble them into a complete solution. Detailed discussions explain the how and why behind each step, and a full code example puts the recipe into action. Each recipe ends with a list of options and alternatives th
