Education

- 1998 Ph.D., University of Southern California, Linguistics
“Effects of working memory and semantic impairment on language production in Alzheimer's disease”
- 1992 M.A., California State University at Fullerton, Linguistics
- 1977 B.A., McGill University, Linguistics
Summa Cum Laude
-

Professional Experience

- 2012-Present Associate Professor & Associate Chair, Department of Speech, Language and Hearing, University of Florida
- 2011- present Associate Professor, Department of Speech, Language and Hearing, University of Florida
- 2009-2012 Doctoral Student Advisor, Department of Speech, Language and Hearing Sciences, University of Florida.
- 2004-2008 Affiliate, VA RR&D Brain Rehabilitation and Research Center for Excellence at the Malcom Randall VA Medical Center
- 2004-2005 Leadership Committee, Brooks Center for Rehabilitation Research
- 2003-present Gerontology Training faculty, University of Florida
- 2003-present Affiliate, Department of Linguistics, University of Florida
- 2003-present Graduate Faculty, University of Florida
- 2003-present Assistant Professor, Communication Sciences and Disorders, University of Florida (name changed to Speech, Language and Hearing Sciences, Spring 2010)
- 2000-2003 Post-Doctoral Fellow, Training Program in Communication and Aging, University of Kansas, Lawrence, KS. Under the supervision of Susan Kemper, Ph.D.
- 2000 Instructor in Linguistics, Marietta City Schools Staff Development. graduate level course for K-12 teachers getting Bilingual Education certification.
- 1998-2000 Lecturer in Linguistics, Department of Applied Linguistics and ESL, Georgia State University, Atlanta, GA.

- 1997 Instructor in Linguistics, Berry College, Mt. Berry, GA.
- 1995 Research Assistant, "Sentence Processing in Alzheimer's Disease." M.C. MacDonald, E.S. Andersen, & D. Kempler, principal investigators, University of Southern California.
- 1995 Teaching Assistant for Professor Edward Finegan, Linguistics 315: "Language, Society and Culture."
- 1992-1995 Trainee, Multi-disciplinary training grant in gerontology. Dr. Vern Bengtson, administrator.
- 1992-1995 Research Assistant, " Semantic Impairments in Alzheimer's Disease." M.S. Seidenberg, E.S. Andersen, & D. Kempler, principal investigators, University of Southern California.
- 1991 Research Assistant. "Cohesiveness in Aphasia" S. Williams, VA Bay Pines, FL, and E. Li & A. Della Volpe, principal investigators , California State University at Fullerton.

Funding & Contracts

Grants/Contracts (Funded)

July 2010-June 2013. Language and executive function in Parkinson's disease: Effects of dual tasks and aerobic exercise. R21AG033284 funded by NIH/NIA (\$ 336,489 total funding). Principal Investigator with Christopher J. Hass, Ph.D., Applied Physiology and Kinesiology. Co-Investigators: Irene Malaty (Neurology), Dawn Bowers (Clinical Psychology), Chris Sapienza (Speech, Language & Hearing), Joe Nocera (Institute on Aging).

July 2006- July 2007. Effects of Tai Chi on Physical Performance, Functional Limitation and Disability. RGP Research Opportunity Grant. - \$72,295. PI: Beverly Roberts (Adult & Elderly Nursing); Michael Marsiske (Clinical & Health Psychology); Thomas Mulligan (Medicine/Geriatric); James Jessup (Adult & Elderly Nursing); Lori Altmann (Communication Sciences and Disorders).

Summer 2005. 2/8 VA contract for updating, computerizing, and documenting the Florida Semantic Battery and making it available to the VA BRRC in a variety of experimental formats. \$15,500.

Grammatical function in Alzheimer Disease. Principal Investigator. \$5000. From the American Speech and Hearing Association. July 2005-July 2006

Research interests

The interactive effects of impaired cognition and language. Language use in adults with and without brain pathology. Cognitive-Motor interference—bidirectional interference effects when simultaneously performing motor, language and cognitive tasks. Sentence production processes. Semantic impairments. Applying psycholinguistic methods and findings to novel treatments for language disorders.
